

Covid is dead, well almost. Sailing the Grenadines can now resume...

Affordable Yachting and Caribbean Catamarans join forces and know-how to offer you the Grenadines next winter (Crew or Bareboat).

After two years of forced inactivity, we are back in service. The islands' restrictions have been mostly lifted. Currently all you need is proof of vaccination and a negative Covid test on arrival.

Our base of operation is located at the Blue Lagoon Marina in St-Vincent. It will be operational starting on December 1, 2022.

Our catamarans are operating in the Med area (Corsica) during summer time. We cross them over in October and operate them in the Grenadines in winter to cross them back in May.

Should you be interested in chartering the beautiful Corsica next summer or try the ultimate experience of an Ocean Blue Water crossing, let us know.
