The Rigide Bimini

NO CONTRACTUAL

Specifications

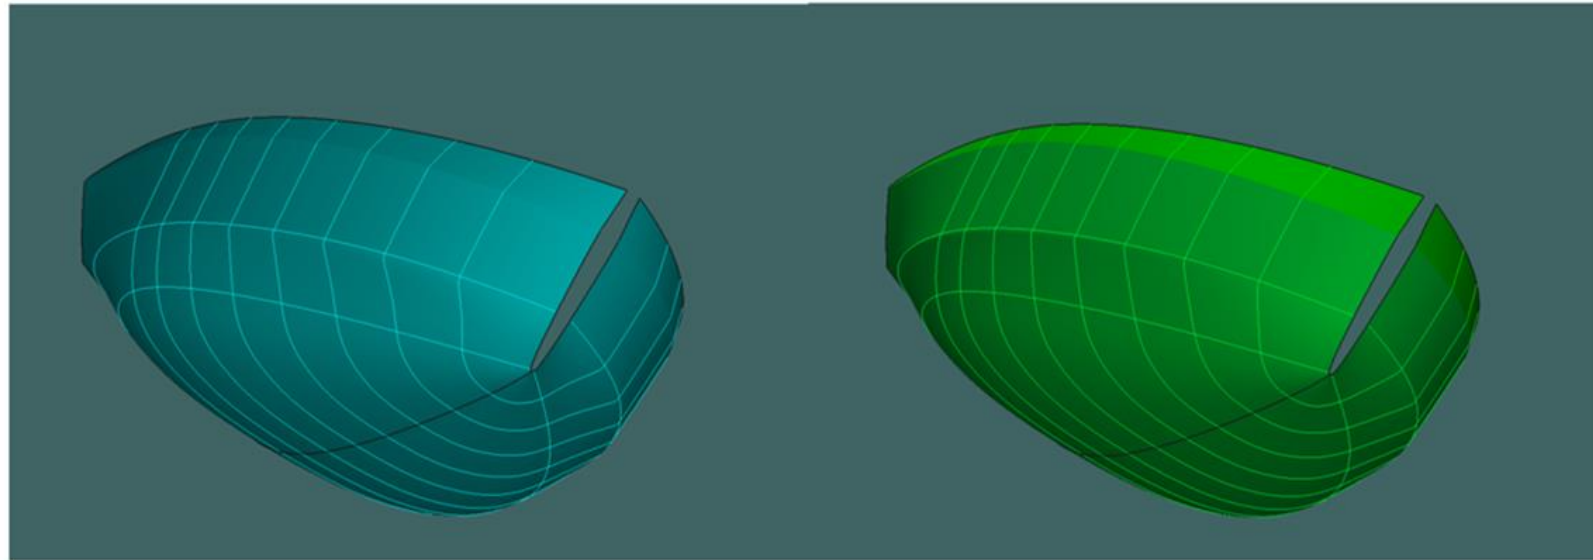

The Rigide Bimini

NO CONTRACTUAL

Specifications

Considering the low impact of the elimination of the «tulip» on hydrodynamic characteristics of the bow we consider that the elimination of the «tulip» is an aesthetic PLUS so we proceed with flat bow surface.

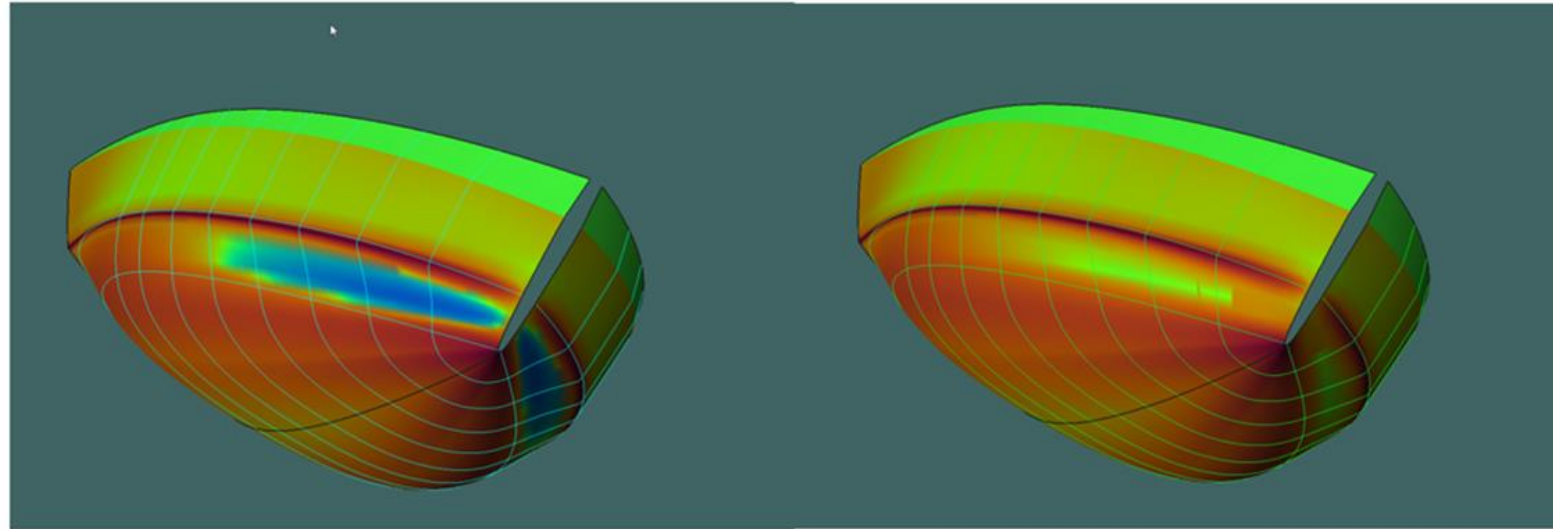

D41 - 2 tulip bow

D41 - 3 flat bow

Specifications

In this image is more visible the difference of the two bow shapes.
Note the deflected surface (D41-2) in contrast with the flat surface (D41-3).

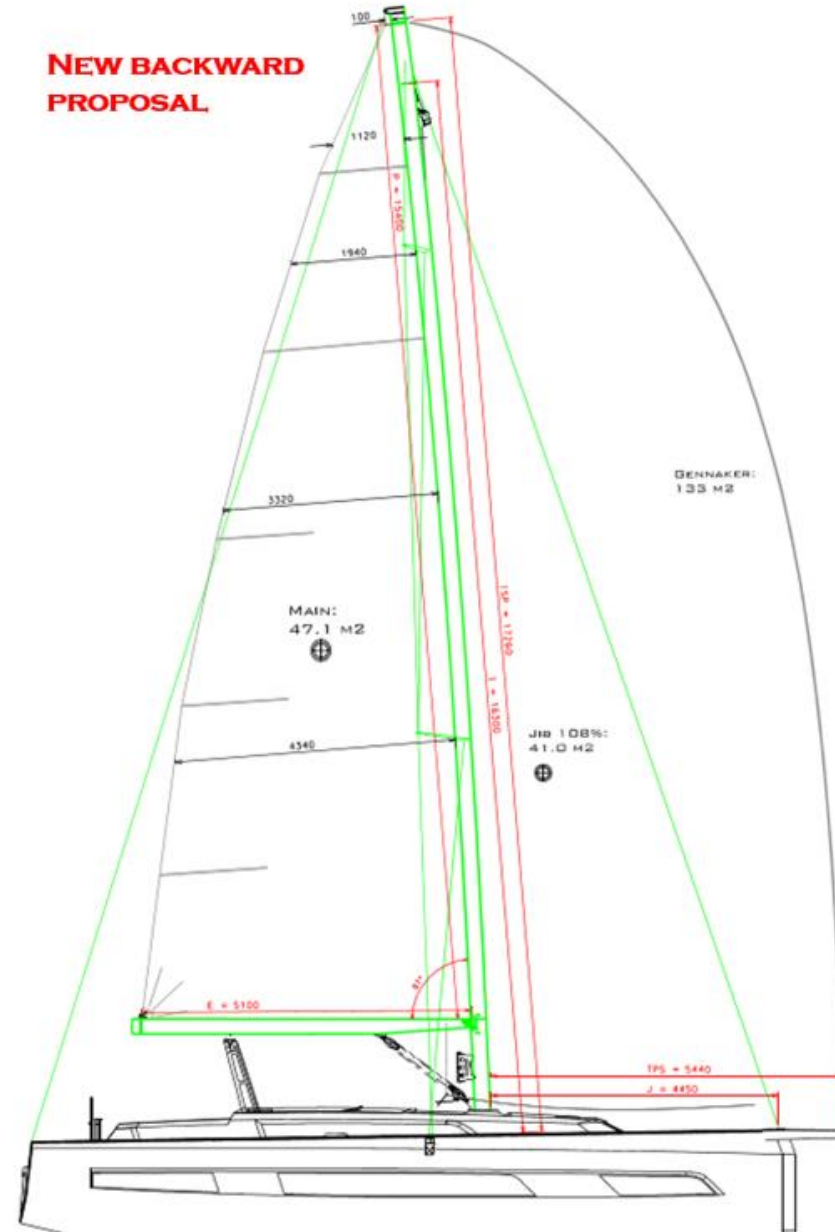

D41-2 tulip bow

D41-3 flat bow

Specifications
